

THE COLLEGE UNION

The *College Union* held its third sitting in Room No. 4, on Saturday the 23rd September at 7 P.M. The attendance was fair. After some pleasant chit-chat, Prof. Lalitkumar Banerjee delighted the members with another paper on his pilgrimage to Badrinarayan. The paper was highly interesting from start to finish, and we are on the tip-toe of expectation to hear the end, for Prof. Banerjee has kindly assured us that he will read to us the description of his pilgrimage in instalments before these are published in the monthly *Basumati* serially. He deserves our warm thanks for he has kept up the literary side of the Union this year single-handed. After a sumptuous dinner the 3rd sitting of the Union came to an end late at night.

THE STUDENTS' ASSOCIATION.

In Memoriam.

We are overwhelmed with grief at the news of the sad and untimely death of our friend, S. Sitaldas Bhattacharjee, a student of our College. On Tuesday, the 4th December, about sun-rise his gentle spirit departed for ever. How sad it is that he has thus been cut off in the prime of his life. Sital's manifold qualities of head and heart endeared him to his fellow-students. We find no suitable words to express our sorrow and only mingle our tears with those of his aged parents. Sweet to the sweet and peace to the departed soul!

It is not all : with profound sorrow we have to record the death of four illustrious sons of India, each of whom rose to the pinnacle of glory in different spheres of life.
